TRADE PROVEN. TASK TOUGH.[®]

Founded in 1968, TASK TOOLS is a privately owned business providing quality products, exceptional customer service, innovative merchandising solutions and the industry's best warranty support to hardware and building supply retailers across North America.

Our three brands – TASK Signature®, TASK® and TUF-E-NUF® – sell in six product categories: power tool accessories, hand tools, abrasives, worksite accessories, innovative electrical accessories, and cargo security. Packaging for all three brands features easy-to-understand icons, and trilingual (English/French/Spanish) copy.

TASK TOOLS is committed to exceeding our customers' expectations by delivering excellence throughout the supply chain.

THE TASK TOOLS STORY

TASK® became one of North America's most trusted tool brands through an unwavering commitment to excellence. 100% family owned since 1968, TASK TOOLS continues to set high standards in assortment, quality, value, customer service, and warranty support. As a family owned business that grew out of serving other family businesses, we are always willing to go the extra mile for our customers.

PRODUCT LINE DIVERSITY

TASK TOOLS offers over 4,000 SKUs in six product categories. This breadth and depth of assortment, coupled with our unrivaled service, makes TASK TOOLS the leading supplier to independent lumber yards and building supply stores from coast to coast to coast.

UNRIVALED SERVICE

Our team of dedicated sales and customer service staff and our commitment to retailer contact make TASK TOOLS the industry's leading service provider. The best warranty in the business guarantees complete satisfaction. Our in-store category management services feature inventory controls designed to maximize each customer's turns. Customers count on our short delivery times and unbeatable fill rates – over 97%!

PACKAGING & MERCHANDISING

TASK TOOLS offers award-winning packaging and merchandising solutions, suitable for any retail space. Our merchandising fixtures enhance shop-ability, communication, and space efficiency, helping to drive sales and enhance the shopping experience. Our packaging has been recognized for design excellence and leadership in environmental sustainability.

TASK TOOLS Milestones

Where we've been is significant.
Where we're going is sensational.

1970

Product line grows to include vises, hammers, and other tools and Michael Caplan opens a small warehouse.

1975

An increasing customer base necessitates a move to a 10,000 sq. ft. facility in Richmond, BC

1985

The head office expands to 30,000 sq. ft. and a warehouse in Mississauga, Ontario is opened to serve the Eastern market.

1968

TASK TOOLS founder Michael Caplan begins distribution of his first tool product

1974

The TASK® brand is born, offering an ever-increasing array of quality tools at competitive prices.

1981

Michael Caplan's son, Craig, joins the company full time.

1989

TASK TOOLS launches the most comprehensive line of PTA in North America.

THE TASK TOOLS ADVANTAGE

Our team of industry experts is always ready to serve you. When customers call TASK TOOLS they always talk to a real person trained to provide them with expert advice they can rely on. Our in-house marketing, product management, and design teams works with our customers to develop special promotions, custom planograms, special merchandising, and a wide array of private label products.

TASK[®]

OUR BRANDS

TASK[®] *Signature*

TASK Signature[®] is a line of premium tools for those who demand the very best. Every TASK Signature[®] product must live up to this simple brand promise: to be as good as or better than any competing product.

TASK[®]

We're proving it in the trade every day! TASK[®] is a line of contractor grade tools designed for professionals that need to get the job done right, day in and day out.

TUF-E-NUF[®] products are popular with DIY'ers and anyone else who is keeping a close eye on the bottom line. Good quality at everyday low prices.

SUSTAINABLE PACKAGING

We take environmental stewardship and sustainability seriously. That's why so much thought went into our award-winning, 100% recyclable packaging. TASK TOOLS sustainable packaging maximizes materials, minimizes waste, and is re-usable and/or re-sealable whenever possible.

PTA Sandwich Blisters

- Paperboard contains up to 30% post-consumer waste
- 100% RPET blisters are easily recycled, do not leach toxins, and biodegrade quicker than other plastics (RPET = polyester with recycled content)
- Less energy to assemble than skin-pack or clamshell
- 100% vegetable-based inks used in printing, releasing up to 36% fewer volatile organic compounds than traditional petroleum-based inks
- Tear-resistant package protects the product from damage and provides improved security at retail

Abrasives Sleeves & Boxes

- Paperboard contains post-consumer waste and comes from certified sustainably managed sources
- 100% vegetable-based inks used in printing, releasing up to 36% less Volatile Organic Compounds (VOCs) than traditional petroleum-based inks

SHARPNESS TEST

**TASK SIGNATURE® POWERBlack™ BLADES OUTPERFORM
THE LEADING COMPETITIVE BLADES BY 15%!**

BLADE TEST METHODOLOGY

For this test, blades were anchored into a machine that places 750g of pressure (average cutting pressure) onto the blade, which is then pulled across a stack of newsprint. After each pass, the number of cut sheets is measured and the process is repeated (32 passes per blade).

TASK SIGNATURE® POWERBlack™ blades were proven to perform 15% better than the leading competitor's black blades and vastly outperform other competitors' products.

5-INCH 8 HOLE - HEAVY DUTY SANDING DISCS - HOOK & LOOP

- This product line is ideal for users who like the durability of the abrasive grit in the TASK Signature T15 disc series but find the light weight paper too easily torn. TASK Signature Heavy Duty features F-weight paper to stand up under the roughest use. When rugged durability is paramount, TASK Signature SHD series has no equal
- Significantly longer lifetime than any competing sanding disc
- Anti-static and anti-clogging properties
