

# Bimetal band saw blades

VALID UNTIL MAY 31<sup>ST</sup>, 2024

VERUFLEX™ M42

## Consistent performance at low cost

Ideal for basic workshop operations on solid and profiled materials, as well as small to medium-sized parts.

### FEATURES:

- No variable tooth
- Standard tooth (S) with zero cutting angle for thin-walled profiles and small materials
- Positive tooth (K) with positive cutting angle for medium-sized materials in single, layer and bundle cutting
- Contour tooth (P) robust with positive cutting angle and pitch clearance for small to medium-sized profiles and grouped and overlapping cuts and high vibration sawing
