# SHELVING SYSTEM › Shelving system and Mini-Racking

## *Shelving system and Mini-Racking*

- Improve your professional image and credibility;
- Heavy-duty posts work for both shelving and mini-racking and permit shelves to adjust on 1" increments to maximize the number of storage spaces;
- Easy and simple installation helping save time and money;
- New drawer banks can be installed at any time to fit your growing needs;
- Standard color is grey but available in a wide range of other colors.

Configure your own AGF shelving system to meet your specific warehousing and storage needs.

## > Consulting services

The AGF team and their certified distributors offer consulting services for the management of your warehouse and/or store.

Our technical team along with our certified distributors offer a complete analysis of your warehouse or store space. They will propose both warehouse and storage equipment using the latest technology to maximize the use of every square and cubic foot available. With their recommendations AGF will provide a detailed proposal including CAD drawings.
